VIDEO SUBMISSION GUIDELINES

- Do NOT sing a cappella. You may use a karaoke track or an accompanist.
- Set your camera on a stand so the picture is stable; do not have a friend or relative hold the device.
- Choose a plain, solid background with good (preferably natural) lighting.
- Wear clothing you would wear to a normal audition.
- At the beginning of the video, state your name and the roles you would like to audition for.
- If you mess up, redo the video. Video auditions are judged with stricter standards than live ones.
- Make sure the video is at the highest video quality when it is exported (at least 720p), and is in .mp4 format.
- Email video to kismetartsstudio@gmail.com with your name and show in the title.
    - Example: "Adam Appleton's Addams Family Audition Video"
